

TO WHOM IT MAY CONCERN.

Declaration from the Norwegian Maritime Directorate, concerning installation of the approved search and rescue locating device Tron AIS SART on Norwegian registered ships.

THIS IS TO CERTIFY that – pending transfer from Annex A.2 to Annex A1 of the Council Directive 96/98/EC, the Norwegian Maritime Directorate accepts the installation of the type approved search and rescue locating device Tron AIS SART on Norwegian ships, on the following conditions.

1. A copy of the type examination certificate No. BSH/4615/4361392/09 from the German *Federal Maritime and Hydrographic Agency* shall be attached to this declaration.
2. After transfer from Annex A.2 to Annex A1 of the Council Directive 96/98/EC, it shall be possible to put the mark of conformity (wheel mark) on the equipment without any further approval examination.

This declaration is valid until transfer of Tron AIS SART to Annex A1 of the Council Directive 96/98/EC, subject to the type examination certificate BSH/4615/4361392 remaining valid.

Issued at Haugesund, 26 February 2010,

Ole Morten Fureli
Head of Section
