

To Whom It Might Concern

Larvik 01<sup>st</sup> March 2024

**Last time buy and End of life notification, ref Jotron Tron TR20 batteries.**

After more than 6 years after the final end of life notification on Jotron Tron TR20 GMDSS radio, Jotron have now decided to prepare the ending of supporting this radio with the two different types of batteries, ref to Jotron part.no`s;

p/n 80059, Battery NiMH 1500mAH Tron TR20.

p/n 80060, Battery Emergency Lithium Tron TR20.

The last time buy (LTB) of these batteries is set to 30<sup>th</sup> April.2024.

The last shipping date is set to 15<sup>th</sup> June.2024.

The End of Life (EOL) will be the 01<sup>st</sup> July.2024.

Please shar this information internally in your organization and distribute this information to your local customers who have the TR20 radio on board. Please also plan your future needs of these two batteries and place orders accordingly to the information above.

Should you have any question related to this last time buy and end of life notification, please contact your Jotron representative.

Sincerely,

Jan Erik Sæter
