

Larvik, 1st April 2023

To Whom it may concern,

End of Life Message for Item 83200 TR-810

The TR-810 VHF/AM Transceiver is estimated to reach EOL 1st October 2023. The product has been in the market for more than 10 years and is replaced by a more powerful and modern transceiver TR-910. Both products come in the same variants (see table below):

Existing Product (TR-810)		New Product (TR-910)	
Item no	Description	Item no	Description
83200	TR-810 VHF/AM Transceiver	103400	TR-910 VHF/AM Transceiver
83200DE	TR-810 Desktop radio	103400DE	TR-910 Desktop radio
83200LR	TR-810 Last Resort radio	103400LR	TR-910 Last Resort radio
83200LR-SR	TR-810 Last Resort in Sub-rack	103400LR-SR	TR-910 Last Resort in Sub-rack
83200MP	TR-810 Manpack radio	103400MP	TR-910 Manpack radio
83200OF	TR-810 Offshore radio	103400OF	TR-910 Offshore radio
83200SR	TR-810 Sub-rack radio	103400SR	TR-910 Sub-rack radio
83200VE	TR-810 Vehicle radio	103400VE	TR-910 Vehicle radio

All the different variants come with accessory kits to suit the installation except Manpack and Subrack versions which are mounted in a carry bag and a subrack respectively. The transceiver itself (103400) does not include any accessories.

Spare parts for TR-810 will be available for up to 10 years from EOL.

For more information on the difference between TR-810 and TR-910 Jotron, refer to the product brochure and technical handbook / datasheet for TR-910.
