

TECHNICAL BULLETIN TB02-2015

Regarding: Obsolete Notice, Tron 40S and Tron S-VDR batteries

Subject, OBSOLETE NOTICE on replacement/spare batteries

With immediate effect, Jotron hereby announce the following battery modules as obsolete;

Jotron part.no 97780, Battery Tron 40S 5 years maint.kit

Jotron part.no 84523, Battery Tron 40S 5 years SBM kit

Jotron part.no 81847, Lower Capsule Assembly w/batteries, SVDR

As an alternative to Jotron part.no 97780 and 84523, Jotron strongly recommend the Tron 40S MK II under Jotron part.no 83050.

As an alternative to Jotron part.no 81847, Lower Capsule Assembly w/batteries, Jotron recommend whom it might concern to contact the maker/manufacture of the S-VDR system on-board for further assistance.

It has been brought to Jotron attention that some of the makers/manufactures have type approved Jotron Tron 40VDR Float Free Capsule as an alternative to be used on existing S-VDR systems.
