### **Last Time Buy and End of Life notification – Tron 40S MK II Battery, p/n 83056**

After nearly 18 years since the first Tron 40S MK II EPIRB was approved and delivered to the market, Jotron AS inform that the spare battery type Battery Tron 40S MkII 5 Years maint.kit, will be removed from the market from 01<sup>st</sup> Jan.2023.

The Last-Time-Buy period will start from **29<sup>th</sup> Aug 2022 and end 31<sup>st</sup> Oct.2022.**

**Last shipment date will be 31<sup>st</sup> Dec.2022.**

The End-Of-Life date is set to be the **01<sup>st</sup> Jan.2023.**

As an alternative to change the Tron 40S MK II battery on a retrofit installation, Jotron can offer the new Tron 40AIS, which is newly developed and approved acc to the new EPIRB performance standard MSC.471(101) which was set into force from 01<sup>st</sup> July.2022.

The new Tron 40AIS float free variants are as follows;

Jotron p/n 103210, Tron 40AIS with heating bracket

Jotron p/n 103220, Tron 40AIS with bracket

If you have any questions around this LTB/EOL notification, please contact your local Jotron sales representative.

Sincerely,

Jan Erik Sæter
